

Call to action

On this International Day, stand with girls and support their leadership. Your voice matters too.

- **Share girls' stories.** Celebrate their achievements and amplify their voices.
- **Advocate for change.** Call for policies that protect girls' rights and enable their leadership—now and in the future.
- **Create girl-led spaces.** Wherever you have influence, support safe spaces where girls can connect, learn, and get the support they need.
- **Lend your voice.** Call for dedicated funding and programmes that meet the unique needs of girls in crisis situations—including health, education, mental well-being, and support for adolescent mothers.

When we invest in girls, we create a more equal, just and hopeful world - for everyone.
